Reiki I Certification: An ancient Tibetan wisdom was revealed to a Japanese man well over 100 years ago. Through sacred journeys and a desire to discover how Jesus healed, he studied Sanskrit, and journeyed to the temples of ancient texts. However, his true discovery came after a 21 day Vision Quest. Dr. Usui was blessed by Source to receive an attunement of Light and the wisdom of Reiki was brought back to humanity. In this class* you will learn the history of Reiki, a Reiki attunement, and the wisdom for using this energy in all areas of your life.

A Collage of Symbology: To decode the Universal Messages, symbology is a much needed key. From the Mind of the Divine to the Expression of Human Consciousness, the blessings of wisdom comes through symbols that include: colors, numbers, designs, animals, plants, and stones. A collage of information will be provided and some fun in Divinations will be explored. Divination is a means of releasing the Universal Messenger and allowing symbols to guide the decoding of sacred wisdom.
